FACILITIES & SERVICES

HYATT APP

Hyatt App is a digital tool that connects associates and guests, brings our services closer to our guests' mobile phones, and enables us to offer a unique and unforgettable experience.
It provides access to all hotel information, from service hours to restaurant menus, maps and event programmes. Furthermore, the chat feature allows guests to contact the hotel's reception from their mobile devices. Guests can also request any type of service, whether it be room service or amenities, or even reservations for a table in one of our restaurants. In turn, our associates can manage all of our guests' requests from a single platform, reducing waiting times and queues and it enables greater control over what is happening in our facilities in real time.
Additionally, with our Hyatt App, we eliminate tons of paper, and achieve a faster and more efficient service management.
